WHATS IN THE BOX

The diagram shows the Optimate 2 Duo 12V2A unit with two 72" / 180cm cables. One cable has a "GLOBAL INPUT 100V-240V" plug. The other cable has a "2" gauge clamp and a "4" gauge clamp. Below the unit is a green leaf icon and the text "GREEN TECHNOLOGY".

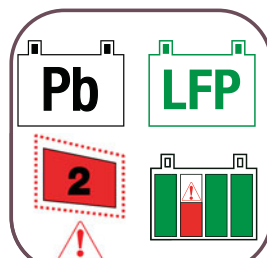

FULLY AUTOMATIC

The diagram shows a charging curve for a battery. It starts at 4V, rises to a plateau at 13.6V, and then drops to 12V & 12.8V : 14.4V. The curve is labeled "Pb" and "LFP". A lightning bolt icon with "24-7" is shown. Below the curve is a red warning triangle with an exclamation mark.
